

Combination Register

INSTRUCTIONS AND SUGGESTIONS.

1. Enter the names of all Beneficial Neighbors, grouping them according to rates, and fill in all data called for under the different box headings.

2. Enter the names of Social Neighbors on special pages, provided for "Account with Fraternal Members." Keep Social and Beneficial membership separate in all your accounts.

3. Names need be re-written only once every four years. The insert fly-leaves headed "Assessments Paid in Benefit Fund" will accommodate four years' business. It is suggested that when a new Register is required, the Clerk order same written up at the Head Office. The charge for such work will be at the rate of one cent per name.

4. Credit each Beneficial member with the amount he pays by entering such amount under the assessment number current on date payment is made, except where advance assessments are received.

(a) Arrears must be combined with the amount paid on account of the assessment then current and always entered in the same column.

(b) Advance assessments must be distributed under number heading of the assessments upon which the payment is to apply. To illustrate:

Neighbor John Doe (rate \$1.00), in January pays assessment No. 1. Enter the amount so paid opposite his name, in the column headed "Assessment No. 1." In February he should pay No. 2, but defaults, and, therefore, is suspended. Leave the space opposite his name for assessment No. 2, blank. If in March he pays said assessment, as well as assessment No. 3, credit him with \$2.00 in assessment column No. 3, leaving No. 2 column still blank. Should he not re-instate until April, then credit him with \$3.00 under assessment column No. 4, leaving both Nos. 2 and 3 blank. If, when he pays Nos. 2, 3 and 4, he also pays 5 and 6, then credit the \$3.00 in column No. 4, as just stated, and \$1.00 each in columns 5 and 6, respectively. By following this method, the total footings of any column will give the exact amount due the Head Office under Pass report for that particular assessment whose number is indicated at the top of the column in the Register.

SUGGESTIONS.

1. If preferred, arrearages and current assessments may be distinguished by making two entries, in the same assessment column, one to show the single rate paid on the assessment current, the other to include the total amount of arrearages credited on the same date. The lines are spaced widely enough to admit of this, and, if the assessment current is entered in black ink, while arrearages show in red ink, the items will be still more easily distinguished. This system has the advantage of enabling the Clerk to determine, at a glance, the amount of arrearages and also the single rate of assessment for each Neighbor remitted for.

2. Some clerks will desire to keep a record of date of payment of assessments by means of the Register, as well as of the Cash Book. This can be done in two ways:

(1) Enter the amount paid in the proper column, and insert the date of payment immediately above it. If different colored inks are used in making the two entries, such a scheme might add to the utility of the Register as a handy reference book.

(2) The second way is to enter the date of payment under the current assessment column, and omit any entry of amount paid. This is perfectly feasible where the names are grouped according to rates, since all the members in a given group will pay the same rate, and if their rates happen to change, their names will be re-registered in the new group to which they must be transferred. If this plan be followed, the total footings for each group may be arrived at by multiplying the given rate by the number credited with payment, thereof. The same plan of distributing back, current and advance assessments, must be adhered to as under the other method, the distinction being that dates take the place of rates in the entries upon the Register.

3. The Camp Clerk must depend upon his own resources to meet and provide for the few special matters that may not be covered by the regular box headings. It is impossible in a book of this character to provide for all the contingencies that may possibly arise.

IN CONCLUSION.

Every dollar of the Camp funds, Benefit or General, coming into the hands of the Clerk must by him be turned over to the Camp Banker, and the latter's receipt taken therefor. The law requires this to be done as often as each regular meeting of the Camp, but if, perchance, a regular meeting should be skipped, the transfer should, nevertheless, be made, the same as though a meeting had been held. There is nothing to prevent the Clerk from paying over these moneys at more frequent intervals if he pleases, but, as a general rule, such transfers should be made not less than twice each month.

Disbursement of funds can be made by the Banker only, on orders signed by the Clerk and countersigned by the Consul, by and with the authority of the Camp, except where the provisions of the Head Camp By-laws make certain payments obligatory without a vote of the Camp, such as the remittance of Benefit Fund or Per Capita under call, etc. If the law in this respect is observed, and proper entry of debits and credits made in the account with the Banker as provided in the last pages of this book, the accounts of all officers can be correctly balanced at a moment's notice.

Head Clerk, M. W. of A.

Oracle Opening Exercises
Miriam Baird

Song by Audience.

- | | |
|------------------------------|----------------------------|
| 1. Come, thou almighty King. | 2. Come, Thou incarnate |
| Help us thy name to sing. | Word |
| Help us to praise | Gird on thy mighty sword; |
| Father all glorious, | Our prayer attend; |
| O'er all victorious, | Come, and Thy people bless |
| Come and reign over us, | And give thy word success |
| Ancient of days. | Spirit of holiness |
| | On us descend. |

Chant By Choir

Address Rev. G. M. Gelston

Song by Audience.

Blest be the Tie.

1. Blest be the tie that binds
Our hearts in Christian love;
The fellowship of kindred minds
Is like to that above.
2. Before our Father's throne,
We pour our ardent prayers;
Our fears, our hopes, our aims are
one,—
Our comforts and our cares.
3. We share our mutual woes;
Our mutual burdens bear;
And often for each other flows
The sympathizing tear.
4. When we asunder part,
It gives us inward pain;
But we shall still be join'd in heart,
And hope to meet again.
